

Transportation Supports

Section 61: Transportation Supports

Transportation Supports means supports, such as tickets and passes to ride on public transportation systems that enable an individual to have transportation for access to the community

61.1 Unit of Service

1 unit = 1 pass, ticket, etc. (for state funded services only)

61.2 Activities Allowed

Reimbursement for Transportation Supports is available in the following circumstances:

- a. Costs of Transportation Supports are included in the monthly amounts paid under Transportation Services

61.3 Activities Not Allowed

Reimbursement for Transportation Supports is not available in the following circumstances:

- a. Transportation that is available under the Medicaid State Plan
- b. Ticket, passes, etc, that are purchased for staff, family members, or anyone other than the individual

61.4 Service Standards

Transportation Supports must be documented in agency files

- a. Transportation Supports, if needed, should be documented in the individual's support plan

61.5 Provider Qualifications

Qualified agencies approved to provide Transportation Supports must meet the following requirements:

- a. An applicant shall be otherwise approved to provide supported living services under 460 IAC 6

61.6 Documentation Standards

Transportation Supports documentation must include:

- a. Identified in Individual Support Plan
- b. Receipts for passes, tickets, etc.
- c. At least one entry per round trip, to include complete date, client name and destination or activity
- d. Documentation in compliance with 460 IAC 6
